

Available Field Positions

Cementation is an underground mine contracting and engineering company. We build mines. Structured to deliver design-build solutions for technically challenging projects, our people build world class shaft sinking and mine development projects. Our work requires a team approach where respect is expected and innovation is encouraged as long as safety is not compromised.

Being an employer of choice in the mining industry has always been a mainstay of our mission statement, and Cementation is proud to have been selected as one of Canada's Top 100 Employers for seven years.

At Cementation we respect experience; we get excited about potential.
